

Ramblers Orienteering Club

ANNUAL MEMBERSHIP for 2009

Affiliate club of ORIENTEERING QUÉBEC and the CANADIAN ORIENTEERING FEDERATION

New for 2009 :

When joining the Ramblers Orienteering Club you now also automatically become a Full member of the **Canadian Orienteering Federation** and through it, the **International Orienteering Federation**. The COF has requested that we offer this and their (our) national insurers require everyone to be covered; we are assessed fees on membership and participation accordingly.

There is normally a 'Meet Entry Fee' to be paid for participation at Orienteering meets – an amount ranging from \$7 (Jrs.) to \$12 (adults). However, **Ramblers Orienteering Club MEMBERS do not pay any meet entry fee – at any meets organized by our Club during the entire year !!!** In 2008 we held 11 meets. (We are the only club doing this in the country.)

All O-meets in the Montreal area for many years have been organized by our Club. We have also made and own all of the local Orienteering maps. These are original works produced and copyright by the Club.

Our provincial affiliate, Orienteering Québec currently comprises three clubs: ourselves and two Ottawa-area O-clubs.

There are active Orienteering clubs across Canada and in 70 countries around the world.

Join or Renew Membership by completing the attached form. Ramblers OC welcomes everyone !

The Ramblers Orienteering Club is a not-for-profit club, operated entirely by the efforts of member-volunteers.

Revenue – to make maps and to organize events – is derived solely from **a part** of the Membership and the Meet Entry Fees. A portion of these fees is remitted to Orienteering Québec and to the Canadian Orienteering Federation.

Your active participation is invited – and needed – though the extent of your involvement is entirely up to you.

Participation at meets organized by our Club is FREE to our members.

Ramblers Orienteering Club

We Need Your Help !

All of the orienteering events that are held throughout the year are due to the considerable efforts of our members. If you are willing to help there are many ways that you can : Assistance with registration at meets or with timing is always needed. For those with a little more experience – course planning, flag hanging, vetting, new map making, helping with promotion for our meets and, of course, translations. Let us know.

Yes, I would like to help with : _____
